

Mentor Co-op

COP4XD

Students interested in social services or working with children may be interested in this program. Students are trained by Big Brothers & Sisters of Clarington to be mentors for needy children in local elementary schools. Mentors visit their 8 mentees weekly at the child's home school and spend an hour with each doing various activities. The goal of the program is to be a friend to a needy child and help to improve their self-esteem.

COURSE NOTE: Please complete a co-op application and return it to the co-op office ASAP when selecting this course.
